

## Guidelines for Preparing the Final Version of Papers (IEEE PDF eXpress)

PEDSTC 2026 | The 17th Annual Power Electronics & Drives: Systems and Technologies Conference – Organized by Sharif University of Technology, Tehran, Iran.

Authors are kindly requested to prepare the final version of their accepted papers in accordance with the instructions provided in the steps below. Please note that, due to the deadline set for submission and review, any delay in completing this process and submitting an IEEE-approved final version may result in the removal of the paper from the IEEE Xplore indexing process. Responsibility for this matter rests with the authors, and the conference shall not be held responsible in this regard.

### ⚠ Important Notice

- Authors are **not permitted** to add or remove author names, change the paper title (except when explicitly requested by the reviewers), or alter the order of authors in the final version of the paper. Any such changes, if detected, will result in the **immediate rejection** of the paper, and the conference shall bear **no responsibility** in this matter.
- Only papers that have been **accepted** are required to convert their manuscripts into the **IEEE-approved format** by following the steps below and upload the resulting file to the system as the **camera-ready** version.
- To ensure the **scientific integrity** of the submissions, all accepted conference papers will be screened for **plagiarism** in accordance with **IEEE policies**. If the similarity index of any paper exceeds the limits defined by IEEE, **no opportunity for revision or resubmission will be granted**, and the paper will be **automatically removed from the IEEE Xplore indexing process**. The conference shall bear **no responsibility** in this regard.

Please follow the steps below to prepare your paper for final submission and publication in the IEEE Xplore Digital Library:

### ⚠ Important Notice

- Since **no further revisions will be possible after the final submission**, authors are strongly advised to **carefully review their papers** to identify and correct any potential issues. In this stage, authors must thoroughly consider the **reviewers' comments** and ensure that all required revisions and corrections have been properly addressed before submission.

### Step 1\_ Compliance with IEEE and Conference Format Requirements:

- The **final paper must strictly comply** with the **conference template format and structure**. Papers that do **not** adhere to the conference template requirements will be **excluded from the indexing process**, and the conference shall bear **no responsibility** in this regard.

- According to the conference format, the following header must be included on the first page of the paper, centered as a header, using 10-point Times New Roman in plain (regular) style.

2026 17<sup>th</sup> Annual Power Electronics & Drives: Systems and Technologies Conference (PEDSTC 2026),  
27-29 January 2026, Sharif University of Technology, Tehran, Iran

### Step 2\_ Adding the Copyright Notice:

- All authors are required to include the IEEE copyright notice as a footnote, positioned at the bottom left of the first page only. Please insert this statement using 8-point Times New Roman in plain (regular) style (without bold or italics), replacing the existing copyright code provided in the conference template.

- For papers with **at least one author affiliated with an Iranian institution:**

979-8-3315-9311-7/26/\$31.00 ©2026 IEEE

#### For all other papers:

- For papers in which all authors are employed by the US government, the copyright notice is: U.S. Government work not protected by U.S. copyright
- For papers in which all authors are employed by a Crown government (UK, Canada, and Australia), the copyright notice is:

979-8-3315-9311-7/26/\$31.00 ©2026 Crown

- For papers in which all authors are employed by the European Union, the copyright notice is:

979-8-3315-9311-7/26/\$31.00 ©2026 European Union

- For all other papers the copyright notice is:

979-8-3315-9311-7/26/\$31.00 ©2026 IEEE

### Step 3\_ Preparing the Camera-Ready PDF Using the IEEE PDF eXpress Website:

- The **final PDF file must be generated exclusively through the official IEEE PDF eXpress website**. Failure to comply with this requirement will result in the paper **not being indexed in the IEEE database**. Please follow the steps below to prepare the **camera-ready version**:

- **Please visit the website below:**

<https://ieeepdfexpress.org/account/login>

- Please note that the Conference ID for all steps in this process is **69361X**.

January 27-29, 2026

- If you do not already have an account, click on **Create Account**, complete the registration form, and create a new user account. Please note that after registration, an email containing an **account activation link** will be sent to you by **IEEE PDF eXpress**. Your account will be activated once you click on the provided link.

The screenshot shows the IEEE PDF eXpress Login page. The page has a dark blue header with the IEEE logo and navigation links. The main content area is white and contains a login form with fields for Conference ID, Email Address, and Password. Below the form are buttons for LOGIN and RESET, and a link for 'Create account' which is highlighted with a red box and a red arrow pointing to it.

The remaining steps are the same as those described in the following section.

- If you already have an account, simply enter the Conference ID: 69361X, along with your registered email address and password, in the corresponding fields to “LOGIN” to the system.

The screenshot shows the IEEE PDF eXpress Login page with the Conference ID field filled with '69361X'. The Email Address and Password fields are empty. The LOGIN button is highlighted with a red box and a red arrow pointing to it. The other fields and the 'Create account' link are also indicated with red arrows.

This screenshot shows the 'Upload File' step of the IEEE PDF eXpress process. A progress bar at the top indicates the current step is 2 of 4. A modal window contains a red box labeled (1) around a file upload icon and the text 'Drag and drop or Browse files to upload'. Below the box are 'BACK' and 'CONTINUE' buttons, with the 'CONTINUE' button also labeled (2). A red note above the box states: 'NOTE : Special characters other than hyphen, underscore, dot, and parenthesis are not allowed in the file name.'

This screenshot shows the 'File Received Result' step of the IEEE PDF eXpress process. The progress bar indicates step 3 of 4. A modal window displays a 'File Detail' table with the following information:

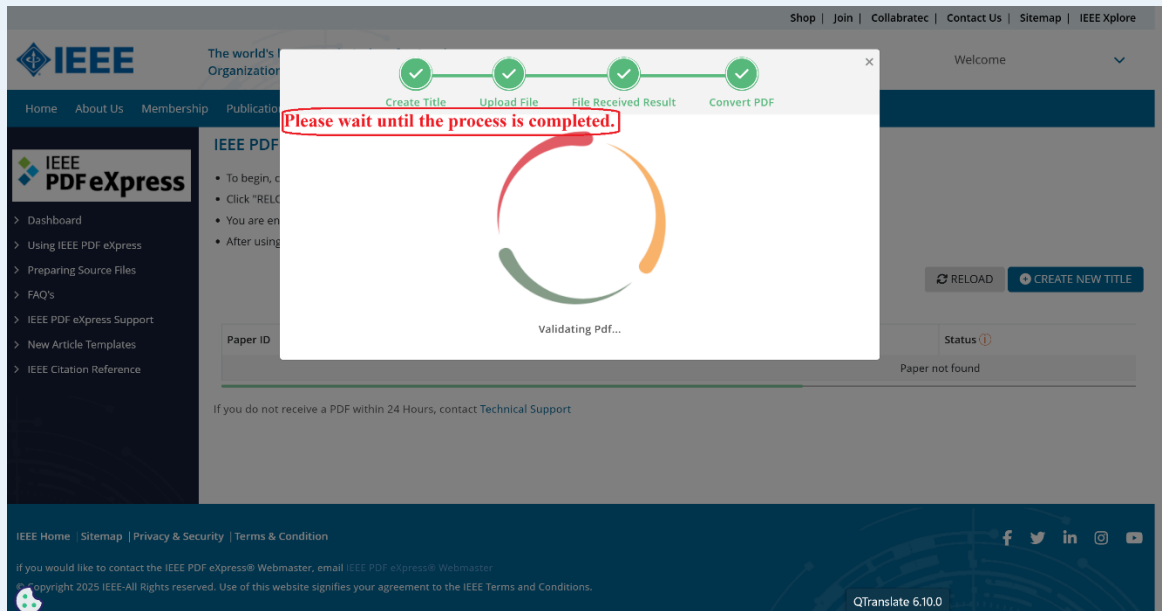

File Detail	
File name:	Pdfexpress (1) (2).pdf
Size in bytes:	5952932
Content type:	application/pdf

Below the table, there is a red arrow pointing to the 'CONTINUE' button. A note at the bottom of the modal says: 'If you do not receive a PDF within 24 Hours, contact Technical Support'.

If the process is successful, a “Success” message will be displayed and the paper status will change to “PASS.”

If the process **fails**, the reason for failure will be indicated. As shown in the image below, you may click the “Download Error” option to view the detailed error report and take the necessary corrective actions. Please resolve the reported issue (To resolve any errors, you may consult the IEEE Support Center. If you do not find an answer to your question on the [IEEE Support Center](#), please contact them via email at PDFSupport@ieee.org) and repeat the process until the **Success** message is and the status becomes: **Pass**.

# 17<sup>th</sup>

At the end, ensure that the paper status is marked as **“Approved,”** then click the designated option to **download the final PDF file**. You will also receive an email from IEEE PDF eXpress containing the camera-ready file.

IEEE PDF eXpress® Dashboard: 69361X

- To begin, click on the "CREATE NEW TITLE" button. You can convert 20 source files and check 10 PDF files with one Paper ID.
- Click "RELOAD" button to refresh the PDF Conversion/Validation status.
- You are encouraged to correct all content, spelling, and grammatical errors before using this service.
- After using IEEE PDF eXpress®, submit your IEEE Xplore-Compatible PDF by 01/12/2026

Paper ID	Paper Title	Filename	Status	PDF	Source	Action
202		202 .pdf	Approved	2 of 10	0 of 20	Download PDF

If you do not receive a PDF within 24 Hours, contact [Technical Support](#)

- If you have multiple papers, please repeat these steps for each remaining paper.

**Step 4\_** Please upload both the camera-ready PDF file (*generated through IEEE PDF eXpress, with all above steps completed and the paper status approved*) and the Word or LaTeX source files of your paper to your user panel on the conference website no later than **January 5, 2026**. Please note that no files will be accepted after **January 5**, and the paper will be removed from the indexing process. The conference shall bear no responsibility in this regard.
